Mastering the Art of Horn Craftsmanship

At Glory Handicrafts, we specialize in crafting exquisite, eco-friendly products from natural buffalo and ox horn. Our ethically sourced and skillfully handcrafted items blend tradition with modern artistry, making each piece unique and environmentally responsible.

Real ox and buffalo horn, ethically sourced from slaughterhouses in which the animals are harvested for their meat.

History of Drinking Horns

Ox and buffalo horns have been used as drinking vessels for longer than we can imagine. The era of drinking horns began in the 7th-8th century BC—an ancient time when mankind relied on nature and animals to fulfill basic needs, including clothes, food, and utensils. Drinking horns were among the most widely used utensils for beverages.

Today, drinking horns are best known as practical drinking vessels that symbolize the hallowed past and the rich heritage of craftsmanship and tradition.

Our Buffalo and Ox Horn Product Range

- Horn Cutlery & Kitchenware: Spoons, forks, bowls, and more – polished to perfection for an elegant dining experience.
- Horn Drinking Vessels: Beautifully shaped horn mugs, drinking horn, cups and goblets, combining utility with heritage.
- Horn Jewelry & Accessories: Fashion-forward bracelets, rings, and combs, made with care for timeless style.
- Home Decor & Decorative Items: Intricate horn sculptures, wall hangings, and bespoke decorative pieces.

Why Choose Our Horn Products?

- 100% Natural and Sustainable: Environmentally friendly materials sourced responsibly.
- Authentic Handicraft: A rich legacy of Indian craftsmanship in every product.
